

Solidarity trip to Israel

SUN, 28 JAN 2024 - SUN, 04 FEB 2024

Yariv Hen

Arrival Day Sun, 28 Jan 2024

On your arrival to Israel, one of our representatives will escort you from the door of the aircraft to passport control, we will assist you with all the Israeli procedures, collect your luggage, and then we will transfer you to your hotel in Tel Aviv.

In light of the current need for support in Israel, this itinerary is crafted with flexibility in mind. Given the changing circumstances and evolving requirements, please note that your engagement is designed to be adaptable. An activity offered today may not hold relevance next week. Hence, we sincerely appreciate your approach with an open mind and flexibility, ready to contribute to any activity where your support is needed.

Day in Tel Aviv Mon, 29 Jan 2024

After breakfast, we will begin our day in Tel Aviv and spend reflective time at Hostages Square. Hostages Square is a public plaza in front of the Tel Aviv Museum of Art. It received its current name following the 7 October 2023 Hamas-led attack on Israel, when families of the hostages and their supporters started to encamp and gather there, given its proximity to the Israel Defense Forces headquarters.

Participating in volunteer work at Eran's Angels' distribution center involves the dispensation of equipment packages to families who have been displaced from their homes.

Later, the blood donation center- Magen David Adom, Israel's national blood services organization, has multiple locations in Tel Aviv.

Register for blood donation and contribute to this vital cause.

Free evening in Tel Aviv: During your free evening in Tel Aviv, you will receive a list of businesses, bars, and restaurants whose owners are actively serving in the army. Your support for these establishments would be greatly appreciated.

Tue, 30 Jan 2024

Our day will commence early as we travel south to the Gaza Strip region to assist Israeli farmers in harvesting crops. Following the attack on October 7th, numerous farmers, who typically employed permanent workers from Thailand and some Arabs from the Gaza Strip, found themselves without labor, leaving many fruits unpicked on the trees. Upon reaching one of the fields, we will actively contribute to the farmers' efforts in any way that proves helpful. Post our volunteering, we'll show support to a local restaurant for lunch. Subsequently, we will visit Sderot, the city also affected by the October 7th attack carried out by Hamas.

Volunteering- Gaza Envelope Wed, 31 Jan 2024

In the morning, we'll be engaged in volunteering, assisting a farmer. In the afternoon, we'll visit one of the Kibbutzim that fell victim to the attack on October 7th. Later, our itinerary includes a visit to the memorial site of the tragic Nova Music Festival massacre, commemorating the hundreds of lives lost to the ruthless acts of Hamas terrorists on October 7. The solemn space features posters displaying images of hostages held in Gaza, serving as a stark reminder of the tragic event. Additionally, we'll explore the area where burnt cars from the festival remain, bearing witness to the profound loss and the lives of many young individuals tragically taken too soon. This visit serves as a somber reminder of the impact of the devastating attack that unfolded on that horrible day.

Thu, 01 Feb 2024

During this day, our focus will be on preparing lunch for soldiers. However, should there be any change in this requirement, we are prepared to assist in a civilian kitchen located in the southern region.

Fri, 02 Feb 2024

As we travel back to Tel Aviv, we'll include stops at cities and kibbutzim that have gained prominence due to their proximity to the Gaza Strip and have endured rocket attacks throughout the year. Notably, we will visit Ofakim, Ashkelon, and Ashdod, exploring the impact and resilience of these communities in the face of such challenges.
